Re: Emergency Rate Increase

To Whom it May Concern:

Bellemont Water Company, Inc. has requested the Arizona Corporation Commission set a hearing to determine if a rate increase should be granted. It is our understanding that the increase will be \$30.00/thousand. The hearing will begin at the Commission's offices at 1200 West Washington Street, Phoenix, AZ on May 23, 2007 at 9:30 a.m. Interested parties may intervene. If you desire more information, contact the Commission's consumer services section at 1-800-222-7000.

It is necessary for Bellemont Water Company, Inc. to ask for this request due to the lack of precipitation in present years that has caused our wells to not produce adequately. It is our plan to drill the deep well needed so that we will not be in a water shortfall. The increase is to cover the cost of having water hauled into our system. We know that this is only a temporary solution; Bellemont Water will continue to pursue our deep well and will keep you posted of our progress. We appreciate your patience and understanding as we continue to move forward making Bellemont Water Company a stronger utility. If you have any questions or concerns, please call. Thank you.

Sincerely,

Bellemont Water Company, Inc.
